MEMORANDUM

DATE: October 10, 1990

SUBJ: Ciba-Geigy Request for Extension - Phase IA Report

FROM: Frank Battaglia

TO: File

On October 9, 1990, I received a fax from James Crowley of Ciba-Geigy, requesting a 14 day extension of the due date for submittal of a Phase IA Report. This report is currently due on October 10, 1990. In response to this request I contacted Ciba-Geigy and their consultants (Woodward-Clyde Consultants) on October 10, 1990 to inform them that the request was GRANTED. The revised deadline for submittal of a Phase IA Report is October 24, 1990.

Re: RCRA I-88-1088
Request for Extension

Dear Mr. Battaglia:

At our October 5, 1990 meeting, you made suggestions which will modify our Phase IA Report and change the scope of work in Phase IB.

To address these requests and to refine issues generated during peer review, a fourteen-day extension was requested by CIBA-GEIGY. The new deadline for submitting the Phase IA Report to USEPA will be October 24, 1990, as you agreed pending a check of your authorization.

This change in submittal date will have no impact on the project schedule since this is merely an interim report. The project schedule is determined by approval of the Phase IB workplan which was resubmitted to the USEPA on September 7, 1990 as required.

Thank you for your assistance in this matter.

Sincerely,

James Crowley
Project Coordinator
